AN APPEAL

Dear Friends,

Nishshabd Angeekar Welfare Association (NAWA) a unique organisation conceived by a group of Kolkata Doctors and Professionals from different walks of life joining hands in 2009 after the devastating "AILA", has already travelled many miles in last eight years.

It is apparently a small organisation but with big heart and ambition. The members wanted to change the life of a small village with a school at Madhya Purba Gurguria, Kultali, Sunderbans, South 24 Parganas. Change cannot happen in a year or two. Any endeavour needs to be perused over a long period of time for seeing the light of success. We are marching forward with the same resoluteness as was at the beginning.

NAWA is working on health and education with the generous contribution from all the members and the well wishers. We at present have 15 non-stop project going on simultaneously. But all these require money, the fuel of life. Any contribution however small it may appear, combiningly forms a wholesome amount which can cater a good number of needy persons, abundant in our society. Friends we appeal to you all good hearted people for extending your hands for the good cause of NAWA.

Further you are requested to send an email or SMS to **Mr Rajesh Lihala 7603076330/9830160201** a day after sending your contribution through NEFT.

Help NAWA to help the needy.
